

We are here today to celebrate Blackburne House
For all its wonders in massive bouts
This place has been a home for me
Helping me grow, and be me
There is no other place
That accepts women as they do
It's so amazing, the Blackburne crew
Jane and Gemma, you will always have a place in my heart
Tracy too, you've been like a mother from the start
All the women in this building today
I just have to say
Well done for being you
Coming to college and seeing it through
40 years this place has been here
Helping women grow through all the tears
Blackburne House is a wonderful place
You will always leave with a smile on your face
I'm sad to go, as this has been great
Always cheering me on
No matter my mistakes

We need more places just like this
This whole journey has been bliss

The reason I am the here today
Battling through all the decay
Was through kind words
And support like no other

There's no place like Blackburne House
We all help each other

This has been one hell of a ride
I'm so glad you're all by my side
We can celebrate together
Crying over achievements
We're all so much better

From one girl to another
This place is like no other

Thank you for listening
It's been my honour
