

BTEC Level 2 First Diploma in Health & Social Care

The **BTEC Level 2 First Diploma in Health & Social Care** at Blackburne House is ideal for anyone looking to build their knowledge and skills for a career in the health and social care sector. Throughout the course, you'll explore how health and social care services support people at different stages of life while developing the practical skills needed to work in the sector. You'll learn about communication, equality, human development, and the importance of providing person-centred care.

The course combines classroom learning with practical activities based on real-life situations, helping you develop the knowledge and professional skills needed to progress to further study or begin your career in health and social care.

Entry Requirements: Acceptance onto this course is subject to successful guidance interview & assessment test.

Assessment: A portfolio of work is to be submitted for moderation.

Awarding Body: Pearson

Progression Route: After completing the Level 2 Health and Social Care qualification, there are several progression options depending on your goals. You can progress to a Level 3 Healthcare qualification, start working, or combine both through an apprenticeship.
