places taken up on specialist training courses and workshops

Vulnerable Women Strategy

The Health Place

The Health Place is a sanctuary within Blackburne House with our main function focusing on health and wellbeing that aims to improve women's health and address health inequalities.

We use a holistic approach and seek to support physical, mental, emotional, social and economic wellbeing through our range of services and programmes including a carefully crafted health & wellbeing and resilience programme to hundreds of women of Liverpool to navigate their way through personal crisis.

100%

of participants experiencing an increase of confidence and self esteem and a reduction from anxiety & depression levels.

After the programme, 56% of participants moved into employment, self employment, education or volunteering.

Bees producing approx.

10K

Lbs of local honey!

Schools have embedded our programme into their curriculum & we've now engaged with the CCG and Alder Hey Hospital, looking into social prescribing relating to honey and its bi-products.

Blackburne House Nursery

Our 36 place nursery, from babies to 5 year olds, provides high quality and innovative childcare that enhances the opportunities and lives of children, parents and families locally.

We continue to be a key support structure for our students and the wider community by offering affordable and attainable childcare.

We provide early learning interventions for funded 2, 3 and 4 year olds to ensure they have the opportunity to access a childcare environment and support their development to become school ready.

12 different nationalities

3 multilingual staff
