

# Level 2 Diploma in Skills for Health and Care Professions

The **Level 2 Diploma in Skills for Health and Care Professions** is a great starting point if you're interested in working in health or social care. It gives you a solid understanding of the sector and helps you build the skills and knowledge to move on to further study or into a care-related role.

Some of the topics you'll explore include:

- Health Care Practice
- Approaches to Mental Health
- Psychology
- Human Health and Disease

You'll also complete a set of nationally recognised qualifications to boost your understanding of key areas, such as:

- Stroke Awareness
- Dementia Awareness
- Suicide Awareness
- Nutrition and Health

This course is a valuable step towards a future in the health and care sector, whether you're planning to continue learning or start working in the field.

**Entry Requirements:** Acceptance onto this course is subject to successful guidance interview & assessment test.

**Assessment:** A portfolio of work is to be submitted for moderation.

**Awarding Body:** Openawards, NCFE

**Progression Route:** After completing the Level 2 Health and Social Care qualification, there are several progression options depending on your goals. You can progress to a Level 3 Healthcare qualification, start working, or combine both through an apprenticeship.
